

## **Hobby Lobby Furniture Pre-Price Instructions**

Listed below are the two types of Furniture Pre-Price Labels.

1. The green tag, on the left, is for the warehouse furniture. Hobby Lobby's warehouse POs' will start with a "W0\_ \_ \_ \_ \_". These tags/labels will need to list Hobby Lobby's six digit item number. These item numbers are listed on the PO.
2. The yellow tag, on the right, is for Hobby Lobby's 'send out' furniture. Our current tags are labeled as '2009 Furniture'. These POs will start with '907\_ \_ \_ \_' or '908\_ \_ \_ \_'. Hobby Lobby's Item# will usually be the same as the vendor's item#. Please print HL's item# on the back of the tag in black ink.  
Please note, on the actual 'Send Out' PO, you might see a whse sku# 'wh#0000\_ \_ \_ \_ \_ \_ \_ \_' please disregard this number as it is for Hobby Lobby's warehouse use only.

On both types of labels/tags, you will be able to edit the pre-price/retail, the Hobby Lobby Item# and the 'Made in \_\_\_\_\_'. The back of each tag/label can be white. The size of each tag should be 2.25" wide x 3.25" long.

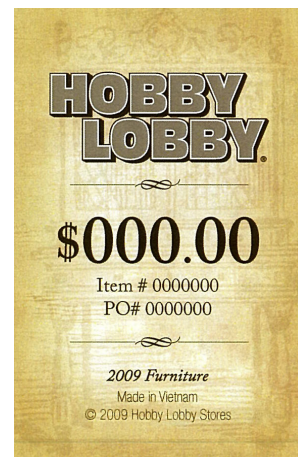

If your factory received only one type of PO from Hobby Lobby, please make sure you use the correct pre-price label/tag.

Please send or e-mail pre-price label/tag proofs for approval by Hobby Lobby.

Please note that these tags and/or instructions may change at any time.
